INTRODUCTION

Groupe Soumare is a diversified general contracting, real estate development and works management company. Established in 1982, Groupe Soumare has been in business for over forty years and our capabilities encompass many facets of construction and site development services, including:

Pre-development/pre-construction planning

- Site analysis
- Site development (road construction) and infrastructure improvement
- Budgeting for the design phase
- Project tenders and contract administration
- General contracting and construction management

With a bonding capacity of \$45,000,000 and a single project limit of \$25,000,000, Groupe Soumare is capable of carrying out a wide range of construction projects. Our goal is not only to deliver our clients' projects on time and on budget, but also to exceed expectations by consistently providing high levels of quality control and workmanship. The relationships we build with our customers are of the utmost importance to ensure consistent communication and responses to their changing needs.
